STRICTEST TESTING MEANS CONSTANT RELIABILITY*

Enhanced drop test

More than double the drop height of standard notebooks for extra protection against bumps and falls.

Shock test

Various shock trials make sure each model can handle the rough and tumble of everyday business.

High pressure test

Up to 20% higher endurance compared to normal notebooks easily handles demanding environments.

Spill-resistant keyboard

Occasional beverage accidents are no longer a problem so you can work worry-free.

EMI test

Designed to suppress electromagnetic interference for zero defects even in high-emission locations.

Transportation test

Simulates real-life situations and shipping conditions to make certain notebooks arrive to retailers and customers in prime condition.

Strong hinge test

Tested to twice higher standards than mainstream notebooks, providing you with greater durability and prolonged use.

Robust triple protection anti-shock hard drive

Built-in metal bracket, shock-absorbing cushions, and motion sensor keep data safe from damage.

Keyboard durability test

Dedicated procedural testing for each part verifies force and typing speed to ensure highest durability and productivity.

Altitude test

Verifies survivability in diverse climates and environmental conditions, tested at nearly 6,000 meters and performing flawlessly on Mount Everest.

Acoustic test

Meticulous noise testing helps promote a quiet and pleasant computing environment so you can focus on work.

Twist test

Notebooks are put under extreme twist force, proving strong against damage that occurs during business trips, for example when placing notebooks in checked luggage.

ASUS VivoTab[™] Note 8

ASUS VivoTab™ Note 8

Incredible 8" Windows 8.1 Pro tablet with professional Wacom stylus

Designed for note-taking

The VivoTab Note 8 with its slim bezel is designed especially to enable one-handed use for writing notes, and at just 380g it's light enough to use for hours. With Windows 8.1 Pro, use any WinOS app you already own, switching between the updated, Modern Interface and the traditional desktop as needed.

High-performance productivity

The VivoTab Note 8 is powered by the latest Intel® Atom™ Z3740 processor for a perfect balance of multi-tasking performance and outstanding energy efficiency. With up to 8 hours battery life, the VivoTab Note 8 can last for a working day before it needs to be recharged and your productivity will know no bounds.

Premium Wacom EMR technology

The professional digitizer pen sits neatly in its holder along the bottom edge of the tablet, so it's always on hand when you need it. It is based on premium Wacom technology, affording the best possible accuracy, speed, responsiveness and palm rejection. This, combined with over 1024 levels of pressure sensitivity, provides an extremely natural writing or drawing experience, meaning you really can throw out your notebook: the VivoTab Note 8 is all you need!

M80TA-DL004P

Processor	Intel® Atom® BayTrail-T, Z3740 (2M Cache, up to 1.86 GHz)
OS	Windows 8.1 Pro (32bit)
Display	8.0" LED-backlit IPS TFT LCD (WXGA 800x1280 / 16:10) Touch Screen
Graphic Card	Intel® HD Graphics
Storage	64GB SSD
Memory	2GB (on-board)
Wireless	802.11n
Camera	Front 1.26 MP camera and rear 5 MP camera with 720p video recording
Input	Wacom stylus
Sensor	1 x G-Sensor, 1 x Gyroscope 1 x E-compass 2 x Ambient Light Sensors
Card Reader	Micro SD
Bluetooth	Bluetooth v4.0
Battery	1 cell battery Li-ion polymer battery (15.5WHrs)
Warranty	1 year global
Interface	1 x Headphone-out & Audio-in Combo Jack 1 x USB+Earphone 1 x Micro USB 2.0 1 x Micro SD Card Reader, up to 64GB
Audio	Built-in speaker, Built-in microphone SonicMaster
Software	ASUS Win flash, ASUS Live Update, ASUS WebStorage, eManual, ASUS WebStorage Sync Agent
Dimension & Weight	13.3 x 22.1 x 1.09 ~ 1.10 cm (WxDxH) Weights only 380g (with 1 cell battery) Product Box: 16.4 x 33.9 x 26.4 cm (WxDxH)
Colour	Black

Data Sheet - BU400A

An Ultrabook for your business

Ultraportable, subtle, stylish

The ASUSPRO BU400 offers an ultra-light form factor starting from just 1.64kg. It measures a slim 21mm, with a stylish dark brushed-hairline finish and one-piece construction creating a subtle and completely consistent professional look.

Durable, reinforced carbon fiber construction

The ASUSPRO BU400 is crafted from carbon fiber, providing 20% higher panel pressure resistance compared to standard notebooks, offering better damage protection while remaining light. Metal re-inforced corners help to protect the hard drive from unexpected knocks and drops and a spill-resistant keyboard easily withstands the rigors of business travel, guaranteeing long-lasting reliability.

Anti-shock hard drive

Metal brackets add structural strength around hard drives, protecting storage beyond mainstream standards. Shock-absorbing cushions also act as additional shields to protect data in the event of shocks or drops.

Improved privacy with fingerprint scanning

Laptops incorporating fingerprint scanning take data access authorization and protection to a higher level with a personal touch.

BU400A-CZ252G

Processor	Intel® Core™ i7-3537U Processor (4M Cache, up to 3.10 GHz)
OS	Windows 7 Professional (64bit) pre-installed / Windows 8 Pro (64bit) supplied
Display	14.0" LED-backlit TFT LCD (HD+ 1600x900 / 16:9)
Graphic Card	Intel HD Graphics 4000
Storage	500GB (5400rpm) + 32GB HC SSD + TPM
Memory	6GB (4GB on-board, 2048 x 1)
Type	DDR3 1600MHz
ODD	No ODD
Wireless	802.11agn
Bluetooth	Bluetooth v4.0
LAN	10/100/1000 Mbps
Security	Fingerprint
Webcam	HD web camera
Battery	4 cell Li-ion polymer battery (6840mAh)
Warranty	3 years global
Card Reader	2-in-1 card reader (SD/MMC)
Interface	1 x Headphone-out & Audio-in Combo Jack 1 x RJ45 LAN Jack for LAN insert 1 x VGA Port (D-Sub) 1 x HDMI 3 x USB 3.0
Audio	Built-in speaker, Built-in microphone SonicMaster
LED Status Indicator	Storage device access, Battery Charging / full / low, Touchpad Lock, Number Lock, Wireless on status, Power on indicator
Software	ASUS Face Logon, ASUS Live Update, Power4Gear Hybrid Asus WebStorage, ASUS Wireless Console 3 eManual, ASUS Secure Delete, ASUS SceneSwitch USB Charger+, ASUS Smart Gesture
Dimension & weight	33.9 x 23.4 x 1.98 ~ 2.05 cm (WxDxH) 1.64kg (with 4 cell battery) Product Box: 40.3 x 32.3 x 7.2 cm (WxDxH)
Colour	Dark Grey

Data Sheet - PU401LA

Ultraportable for small businesses

Ultraportable, subtle, stylish

Starting from 1.77kg, the PU401 uses a one-piece build, creating a subtle and completely consistent look. The design extends to the underside and removes unneeded clutter with a stylish brushed metal finish.

Anti-glare display for comfortable viewing

Matte screen materials prevent unwanted reflections to reduce eye fatigue. They also stop unsightly fingerprint smudges for more attractive presentations. To prolong productivity, ergonomic, textured, palm rest areas provide a pleasant and solid feel so you can keep working without slowing down.

Anti-shock hard drive

Metal brackets add structural strength around hard drives, protecting storage beyond mainstream standards. Shock-absorbing cushions also act as additional shields to protect data in the event of shocks or drops.

Improved privacy with fingerprint scanning

Laptops incorporating fingerprint scanning take data access authorization and protection to a higher level with a personal touch.

15.6" Professional

Data Sheet - P550CA

A classic, timeless design

Designed for everyday multitasking and entertainment for smart and practical users, the ASUS P Series notebooks redefine your expectations of all-rounder notebook. With a spun-circle finish and patterned palm rests, the P Series adds a touch of sophistication and elegance to everyday computing. Its slim profile is 5% thinner than the previous P Series notebook, and still houses to a large touchpad with intuitive multi-point Smart Gesture input, USB 3.0 port for fast data transfer and IceCool technology to keep your palm rests cool.

Providing a smooth computing experience

Value-packed with all the essentials, the P Series reinvents your daily computing experience. Whether you are using it for work or for fun, this is an ideal machine for both productive computing and entertainment. It features an Intel® Core™ i5 processor, Instant on that resumes your computer from sleep mode in 2 seconds and USB 3.0 for 10 times faster data transfer speed. ASUS P Series gives you everything you need for a truly satisfying multitasking computing and multimedia experience.

Precise, crystal clear audio to complete the cinematic experience

On most notebooks, all sound frequencies originate from small onboard speakers. The resulting audio comes from a single source and lacks distinctiveness. Like other notebooks in the ASUS range, the P Series comes equipped with SonicMaster technology and ASUS AudioWizard to bring you high fidelity audio. Experience omnidirectional sound and hear each individual instrument's nuances with the P Series.
